

tesa® 6090

Manual bench dispenser for two rolls

The tesa® 6090 dispenser is universally applicable for two rolls of tesa® tape in 66 m, up to 25 mm width. For this reason it can be used with different tesa® tapes at the same time (e.g. filmic tapes or packaging tapes of different widths and colours, or with various imprints). An additional advantage is the smooth blade which gives a straight, clean cut. For this reason the dispenser is frequently used for lithographic tapes.

Main Application

Because of its sturdy construction and its non-slip base, an additional fastener is not required. The chosen tape is pulled off and cut along the blade.

Technical Data

▪ Core diameter	3 inch	▪ Mode of drive	manual
▪ Type of tape	single-sided	▪ Weight	2500 g
▪ Application purpose	packaging	▪ Max. roll diameter	125 mm
▪ Length	270 mm	▪ Type of applicator	table
▪ Width	70 mm	▪ Max. roll width	25 mm
▪ Height	125 mm
